

PETITION OF SUPPORT

Establishment of a Business Improvement District (BID)

Confederation Urban Centre – Saskatoon

Purpose of This Petition

We (I), the undersigned business owner(s) and property representative(s) operating within the Confederation Urban Centre, express our (my) support for the establishment of a **Business Improvement District (BID)** to serve this commercial area.

A Business Improvement District is a formal partnership between local businesses and the City of Saskatoon that enables a defined commercial area to collectively invest in improvements that enhance:

- Economic development
- Community safety initiatives
- Marketing and promotion
- Beautification and streetscape improvements
- Business attraction and retention
- Advocacy on behalf of local businesses
- Events and placemaking initiatives

The BID model allows businesses within a defined geographic boundary to work collaboratively to strengthen the commercial district and increase economic vitality.

Funding Model

If approved by City Council, the BID will be funded through a **levy applied to commercial property taxes within the designated BID boundary**.

- The levy would be collected by the City of Saskatoon.
- Funds would be reinvested directly into the Confederation Urban Centre area.
- The levy structure and budget would be determined through consultation and formal approval processes.

The projected implementation date for the Confederation Urban Centre BID is: **January 1, 2027**

Intent of Support

By signing below, I acknowledge that:

- I have been informed of the intent to establish a Business Improvement District in Confederation Urban Centre.
- I understand that the BID would be funded through a levy applied to municipal commercial property taxes within the designated area.
- I support moving forward with the formal establishment process for a BID, including the required municipal approval procedures.

This petition indicates support for the establishment process, with final approval of levy rate and budget to be determined through further consultation and municipal processes.
